

# Easy Guide to Retirement-Online.com

Hello! I'm Wendy, Retirement Enthusiast. I own this site and wear many hats as the writer, webmaster, coach and more!

Most importantly, of course, I am an absolute retirement enthusiast. Love-Love-Love it!

After 35 years with local government, the last 25 as the Retirement Manager, I retired in 2010. I love helping people with retirement issues. I really do. Thus, I started the site to continue doing what I love in retirement (you can do the same thing too, if you have a passion or interest to share).

I offer **free Retirement Coaching calls**. Just 30-minutes to share your issues in a confidential, judgement-free zone! Click to read more.

Please consider taking a few minutes to do my **Retirement Survey** — Help me to Help You! Thanks!

R-O is a fairly large site, so let me explain just a few things:

- **Retirement Insider -**

You can join my **Retirement Insider** newsletter... and get my *Top Ten Reasons to Retire* workshop. You will get e-newsletters with new retiree submissions to the site and my own new articles, tutorials, or resources. Retirees post their stories on the site, and retirees always send feedback on the submissions to help one another. I love that, folks who have been there and done that, helping the new group of retirees. It's seriously time to HELP & BE HELPED here.

## ● **Retirement Community -**

This is a private **Retirement Community** of 2000+ retirees, (age 50-80+) who simply chat about life. Find new friends (privately via email, or in the community with other retirees). They share jokes, memories, and a whole lot more... but in a safe environment. I approve every new member and also delete anyone who is really misbehaving (yes, it still happens even in retirement... Grin!) to keep it fresh and safe!

## ● **Need Income? Consider a Home Business -**

This extension of my site is about **Home Business**, either offering your own services or building a blog/website to help others in whatever area of knowledge you care to share. We all have oodles of knowledge in our heads to offer... and it's really not as hard as you imagine it to be. It's fun, a new mental challenge, and gives you an outlet to engage with new people in your life. Really!

## ● **Share your Story for Feedback from Retirees -**

This is the page where you can **Submit your own Story, or Ask for Help from other Retirees**. We want to hear about:

- Your retirement successes (whatever your definition for "success" is)
- Your retirement worries (so we can help with suggestions)
- Anything else you'd like to share with retirees (memories, hobbies, fun ideas to keep busy... )

## ● **Retirement Coach -**

I have helped retirees for three decades now (wow, that sounds "old"... yikes!) - 25 years with local government and now 7 years retired and working online. As a **Retirement Coach**, I can help you move past the retirement transition phase of life, if you are stuck.

## ● **Retirement Books -**

I've written a few... find them [here](#). A few are free, the others very affordable.

- **Running on Old Software? Need retirement/aging mindset help?**

I have lots of affirmations and quotes on this newer site. Also a fabulous and **free Anti-Aging Mindset Workshop**, written by Gene who previous owned this site.

I hope my easy guide to the website helps you find whatever you need!
